

# Owen County Public Library Newsletter

## Back to School Issue

.....

August 2022

## Lots to do at the Library

.....

Summer reading may be over but there is still lots to do at the library. There are still programs for all ages available. Don't forget to check out the tech lab with our new 3D printer and games on the big screen.

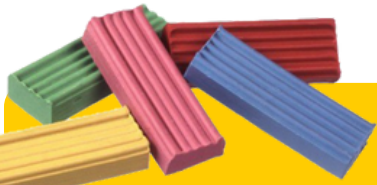

## Back to school resources

.....

Don't forget about all of the great resources that are available at the library for all of your school projects. Books, movies, Powerpoint, online access to magazines, study rooms and more.

JULY

## 3D PRINTS

WOW!

Stop in to see what you can print!

# Adobe® Creative Cloud™

From social posts to photo retouching, banners to beautiful websites, everyday images to total transformations — whatever you dream up, you can do with Photoshop.

Lightroom makes it easy to get your images just right and to take your photography to new places.

Create and publish books, digital magazines, eBooks, posters, and interactive PDFs.

Create everything from social clips to feature films with the leading video editor.

Always crisp, never blurry: With Adobe Illustrator, create professional designs, icons, and more — then use them anyplace at any size.

The entire Adobe Suite is available for use in the tech room.  
Stop in for more information

Have you looked at our website recently? Here's what you've missed. Owen County Information, a new page at [www.owenlib.org](http://www.owenlib.org), will direct you to the sources you need for housing, food pantries, counseling, and more. You can even order COVID-19 testing supplies for free. Want to improve your technology skills? There's a link for that. Need tax forms? They're here, too. Looking for fuel-saving tips? We've got you. We are adding to this page on a regular basis, so be sure to check back for updates, and let us know if you have any suggestions for resources to add.

And while you're on our website, click on the Kanopy icon for access to streaming award-winning films. It's a great complement to a Netflix or Hulu subscription! Once you create a free account, you can view up to eight films per week with your card.

Lastly, if you've been inside the library this year, you've probably seen a lot of the cool things our 3D printer can make. Want to create something for yourself? Check out the 3D printing link on our website to learn about our printer and read the printing policy. At the bottom of the page, you'll find the names of websites to browse for inspiration.

There are also several databases at your disposal under Online Resources. Create a resume with Cypress Resume Builder, fix your vehicle with Auto Repair Source, and find contact information for individuals and businesses with AtoZdatabases. These are all free to you!

If you need help navigating to or using any of the features on our website, don't hesitate to ask for help at the front desk.
