sales benefit the library.

## SEPTEMBER UPDATE

### Come Visit the Technology Lab

Stop by the Technology lab and see what new things are available at the library. Its also a place to work or come together when you need a little more room and need to be a little less quiet. Maybe a game night with your friends or a chance to 3d print something of your own design. Use our Adobe suite for all of your Video or Audio projects.

#### Steam Games

Create your own Steam account and play an entire list of games available on our fast multi screen gaming computer.

#### Nintendo Switch

We have a Nintendo Switch available to play in the room. Games may be checked out at the front desk. Maybe you would like to try one out before you buy it? Maybe you like to get together with friends and play on our large screen tv.

#### 3D Printing

Come and learn more about our 3D printer and what you need to know to print your very own items here at the library.
